# TANDEM plus BLUMOTION

Featuring four-dimensional adjustment

## New TANDEM plus BLUMOTION

Blum's new TANDEM plus BLUMOTION is the latest advancement in concealed runner technology. We have added true side-to-side adjustment and improved stability while maintaining our smooth running action and unmatched soft close.

### Made in the USA

TANDEM plus BLUMOTION concealed runners are made in the USA at our North Carolina facility. This is just another example of Blum's commitment to manufacturing products in the U.S., for the U.S. market.

## Features

- New four-dimensional adjustment
  - Side-to-side
  - Height
  - Tilt
  - Depth
    - with optional locking device
    - with elongated holes
- Integrated BLUMOTION soft close
- Excellent stability and minimal sag, even when the drawer is fully loaded

## Exceptional load capacity

TANDEM plus BLUMOTION concealed runners are designed to meet or exceed ANSI/BHMA test specifications with a 100 lb static load.

Side adjustment

Height adjustment

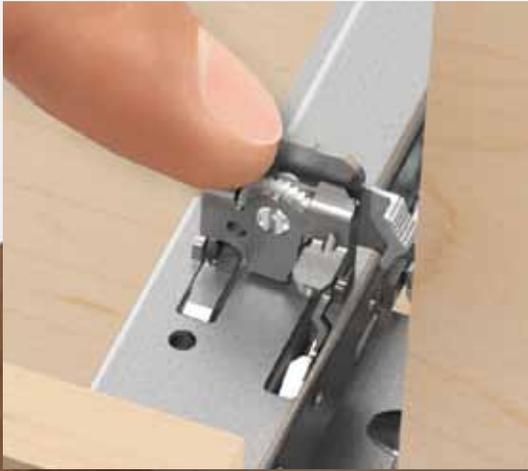

Depth adjustment

Tilt adjustment

## Four-dimensional adjustment

Precise alignment of drawer fronts is now easier — especially for inset applications.

Rear side adjustment

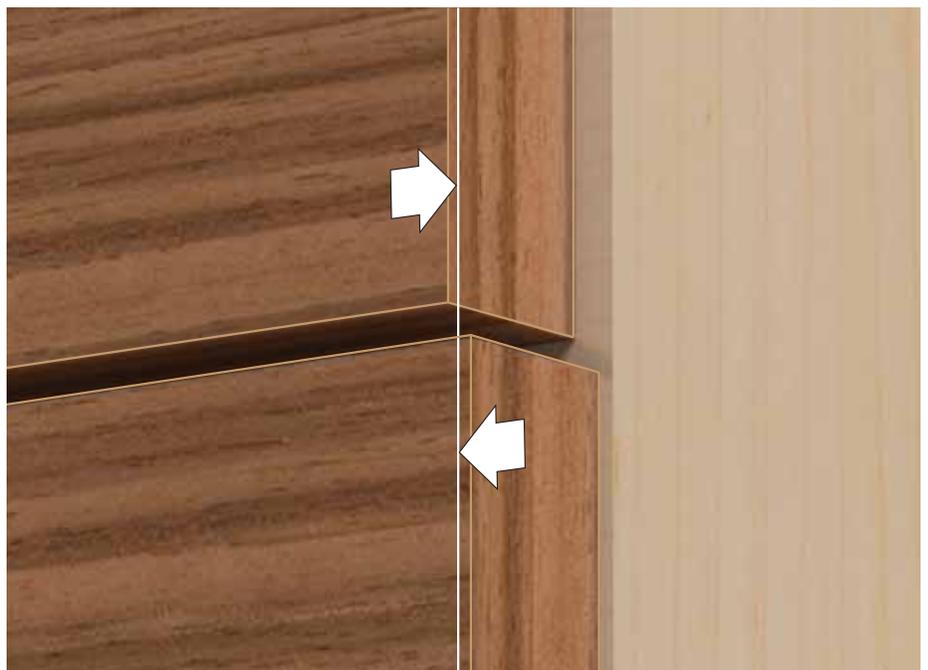

Front side adjustment

## True side-to-side adjustment

Side adjustment can be made by hand in the front and rear to keep the drawer box precisely aligned in the cabinet. This prevents binding and maintains the smooth running action customers expect from TANDEM runners.

+/- 1.5 mm (front and rear)

## Height adjustment

All locking devices have a tool-free height adjustment.  
This creates uniform lines throughout the kitchen.

+ 3 mm

Height adjustment

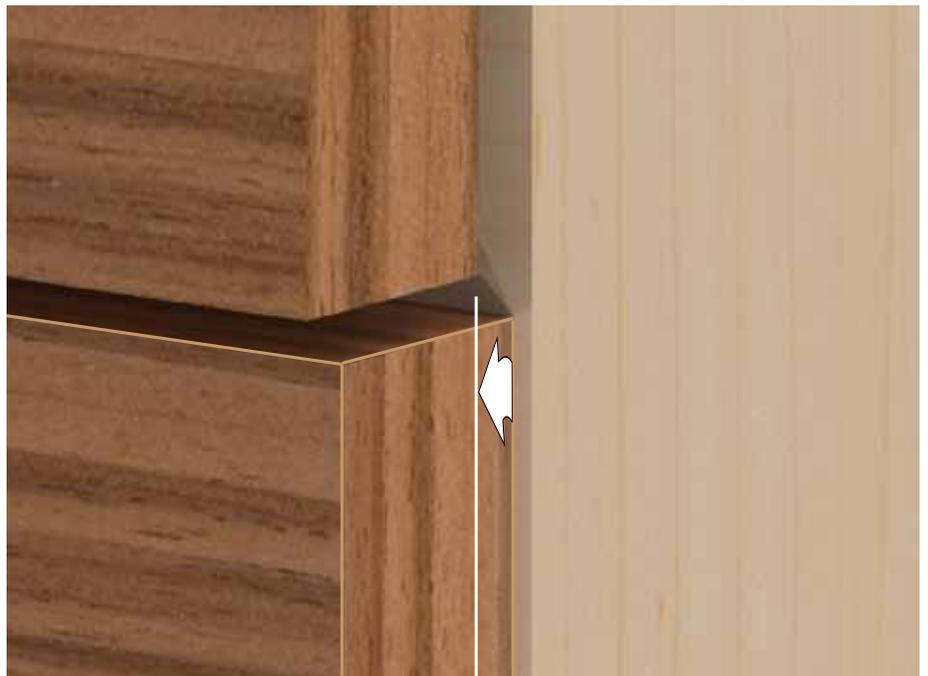

Tilt adjustment

## Tilt adjustment

TANDEM plus BLUMOTION runners have tilt adjustment that corrects shingling of the drawer fronts that may occur during installation.

+ 5 mm

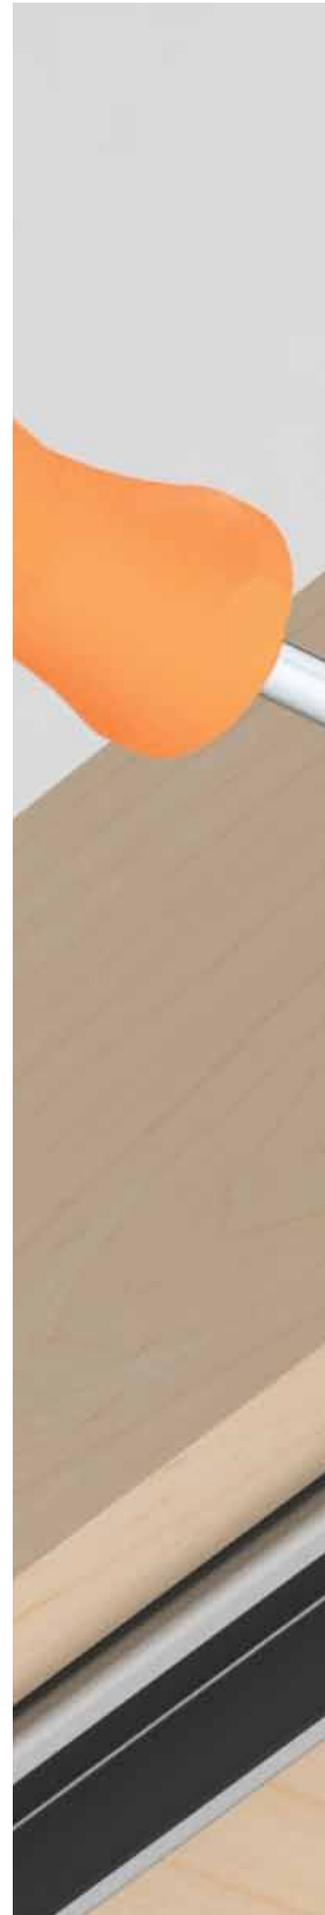

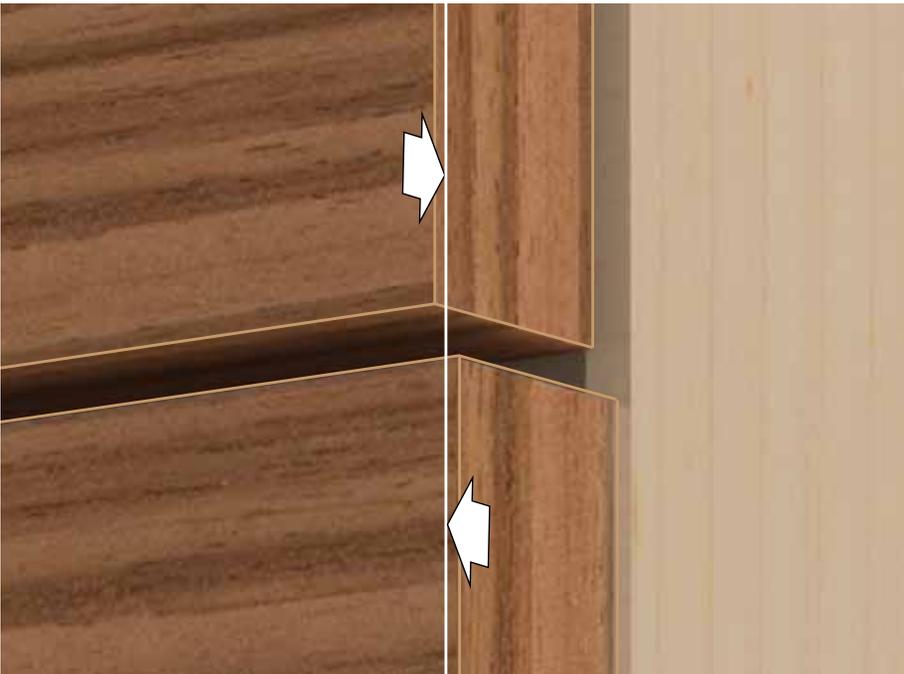

## Depth adjustment

The new TANDEM plus BLUMOTION concealed runners offer two depth adjustment options. First, a depth adjustable locking device allows a more comfortable adjustment without removing the drawer. Second, the runners have elongated holes if additional adjustment is necessary.

With locking device + 2.5 mm

With elongated holes +/- 4.5 mm

Depth adjustment with elongated holes

## Throughout the home

TANDEM plus BLUMOTION concealed drawer runners are a perfect solution for any drawer. Vanities, closets, home office or furniture can also benefit from the smooth running action and soft closing of TANDEM plus BLUMOTION.

Blum, Inc. Headquarters, Stanley NC

# Why choose Blum

Blum, Inc. is a leading manufacturer of functional hardware for the kitchen cabinet and commercial casework industries specializing in lift systems, concealed hinges and drawer runner systems. Virtually all of the hardware needed to assemble and make cabinets functional is available within the wide range of quality Blum products. Blum supports the U.S. market with a network of more than 150 dependable distributors, 40+ knowledgeable Blum sales representatives and an experienced customer service department.

### Commitment to manufacturing in the U.S.

Blum manufactures many of its products in our 450,000 sq ft manufacturing, logistics and warehouse facility located in Stanley, North Carolina. Manufacturing closer to the customer allows Blum to react quickly to changing customer needs including unexpected surges in demand. Customer pickups and deliveries can be timed to better match their production schedules. Blum is committed to manufacturing in the U.S. for the U.S. market.

Product development at Blum considers all of the various customers who will come in contact with our products. With this "Global Customer Benefits" philosophy we strive to create advantages for all users.

Blum, Inc. is ISO 9001 certified which means that you are assured of consistent quality in every Blum product. What's more they exceed the requirements of ANSI/BHMA standards for cycle life, static load and self-closing performance.
