# ABOUT OUR COMPANY

**DECKWISE®**, THE IPE CLIP® FASTENER CO., LLC, manufactures deck building products for use with exotic Brazilian hardwoods, thermally modified wood and composite material. Our decking products and accessories have been developed by our in-house professional team of engineers, machinists, and mold makers from what contractors have asked for.

Our claim to fame is our patented **IPE CLIP® EXTREME® HIDDEN DECK FASTENER** series comprised of a stainless steel reinforcing insert that firmly holds decking to joists with up to 3X more hold-down strength than other edge-mount deck fasteners.

From the time our company was founded in

2000, every year has brought extensive growth. With every innovative decking product we bring to the market we continue to expand our worldwide footprint of dealers and distributors. We align with their main goal to provide their customers with the highest-quality decking tools and accessories on the market.

# Ipe Clip®

Hidden Deck Fasteners

The DeckWise® Ipe Clip® **EXTREME**® Hidden Deck Fastener line features a hardened stainless steel insert with a black oxide coating. The insert is molded inside the fastener for the ultimate

concealed look with supreme reinforcing hold-down strength.

Every hardwood deck built with the DeckWise® Ipe Clip® **EXTREME**® hidden deck fastener series will produce a smooth, beautiful and longer-lasting deck for generations to come.

Available in our **2 SIGNATURE COLORS** to match your decking.

Shadowline Black • Hardwood Brown

## COMPLETE KIT CONTAINS

- (175) Ipe Clip® Hidden Deck Fasteners
- (190) Stainless Steel Star Drive Deck Screws
- (12) 3/8" Tapered Ipe Plugs
- (1) 1/8" High Speed Drill Bit
- (1) T15 Star Drive Tip
- (1) Instruction Sheet

## 100 CT. KIT CONTAINS

- (100) Ipe Clip® Hidden Deck Fasteners
- (100) Stainless Steel Star Drive Deck Screws
- (1) Instruction Sheet

Deck Screws can be ordered in multiple sizes, types and colors depending on your decking application.

# HARDWOOD DECK TILE CONNECTORS

Manufactured By DeckWise®

With the DeckWise® **DECK TILE CONNECTOR SYSTEM**, you never need to worry about loose or uneven gaps between tiles. Each patented connector comes with a 3/16" spacer for perfect spacing between every deck tile.

The Deck Tile Connectors have pre-drilled countersink holes ready for fastening to any existing surface or substructure.

Shadowline Black • Hardwood Brown

{ Available in our **2 SIGNATURE COLORS** to help ensure a truly smooth, flat deck surface. }

During installation, use the entire connector; use halves or quartered tile connectors on hidden and exposed edges including corners. Use the edge of the spacer to provide a gap between your new tiled deck and any adjacent structure such as a house, fence, or wall.

Simply score the connector using a utility knife along the molded grooves that mark the edges of the built-in spacers. Bend the edges downward to snap the connector in half. Repeat the same process to use a quarter of the connector to install on the corners of a deck tile layout.

U.S. Patent Number D665,657

- Corner pins secure tile placement
- Elevates the deck tile from wet underlying subsurfaces to help prevent wood rot
- Chemical & UV resistant polyethylene
- Pre-drilled countersunk holes for easy fastening into a concrete slab or any substructure
- Preset 3/16" gap spacing for even gaps between all connecting deck tiles
- Can be divided into halves or quarters easily with cutting tools using the molded score lines
- Center drain hole provides improved drainage for water runoff to prevent pooling in the corners
- Matte texture provides better appearance between gaps
