

MAXIMO HARDWOOD

TROPICAL HARDWOOD PRODUCTS AND PROFILES

At Maximo Wood, we take immense pride in offering top-quality tropical wood products that are not only beautiful but also sustainable. Here's a brief overview of our Tropical Wood selection.

Wood Grade

All our wood is meticulously graded, hand picked, and is S4S E4E (Surfaced on 4 Sides and Eased on 4 Edges) for a smooth, polished finish.

Board Lengths

We provide boards in a range of lengths, ensuring flexibility for your projects. Choose from boards as short as 6 feet or as long as 20 feet, giving you the versatility to fit your unique requirements.

Custom Milled Profiles

We have the ability and extensive experience to supply specific profiles tailored for large-scale projects. Whether your requirements involve a unique design, specific dimensions, or intricate detailing, our skilled team can expertly craft the perfect profiles to bring your vision to life.

Sustainability

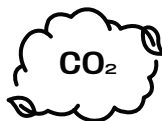

Our commitment to the environment is unwavering. All our wood products are certified as sustainable by reputable third-party verification organizations. When you choose Maximo Wood, you're not only getting exceptional wood products but also supporting responsible forestry practices.

MAXIMO™ HARDWOOD

IPE HARDWOOD The king of Hardwoods

There's Ipe, and then there's Maximo™ Ipe – a league of its own in the realm of hardwoods. Defying the ordinary, our Ipe wood is meticulously crafted to brave the elements, ensuring your outdoor projects exude resilience and lasting allure. Architects and builders, ranging from bespoke homes to large-scale commercial projects, consistently opt for the exceptional quality of Maximo™ kiln-dried Ipe.

Maximo Ipe naturally weathers to a beautiful gray patina over time, enhancing its unique character. To retain its original look, apply protective sealants or oils periodically to safeguard against the elements and maintain the warm, natural tones.

Standard Lengths

6- to 20-ft boards

Nominal Size

1X4	2X2
1X6	2X4
5/4X6	2X6
5/4X6 Grooves	2X8

MAXIMOTM HARDWOOD

CUMARU HARDWOOD Elite grain for elite taste

Introducing Maximo Cumaru – a bold departure from ordinary hardwoods. Crafted to defy the elements, Maximo Cumaru Wood stands as a testament to enduring resilience and unparalleled charm for outdoor projects. Used all across the country in everything from bespoke homes to full-scale commercial endeavors, the unmatched quality of Maximo kiln-dried Cumaru is a great alternative to Ipe wood.

GARAPA HARDWOOD Nature's golden treasure

We are proud to present our premium Maximo Garapa, which blends beauty with sustainability. Each piece of our Garapa Hardwood is meticulously graded and handpicked to ensure a polished finish that enhances any project. We offer boards in various lengths, from 6 feet to 20 feet, providing you with the flexibility to meet your specific needs. Whether you're working on a residential renovation or a large-scale construction project, our hardwood adapts effortlessly to your design vision.

MAXIMO™ HARDWOOD

BALATA HARDWOOD

Natural strength with a refined edge

Maximo™ Balata is a dense tropical hardwood with a rich reddish-brown tone, prized for its natural durability, barefoot-friendly texture, and resistance to fungi, insects, and moisture. Sustainably sourced and handselected, it's ideal for outdoor spaces that demand both strength and beauty – from residential decks to commercial and coastal projects. With its refined surface and long-term stability, Balata offers a high-performance, low-maintenance solution that naturally evolves over time.

Maximo™ Balata naturally develops a silver-gray patina when exposed to the elements. To preserve its original rich color, periodic application of exterior wood oil or protective sealants is recommended.

Standard Lengths

6- to 20-ft boards

DECK TILES

A modern classic

Elevate your designs with this modern, high-quality, and sustainable solution.

Why MaximoTM Deck Tiles?

Style meets simplicity with MaximoTM 24x24 Deck Tiles. Designed for effortless installation, each tile arrives predrilled to work with a quick connector system—just click four tiles into place, no tools needed. Crafted from top-grade, kiln-dried wood, these tiles bring both durability and refined beauty to any flat surface, indoors or outdoors, from patios to poolside retreats. And with wood that's sustainably sourced and chemical-free, MaximoTM Deck Tiles are as kind to the planet as they are to your space. Effortless beauty, redefined.

Available Species

MaximoTM Deck Tile is available in three premium species:
