Nantucket® BeadBoard Sheet Products

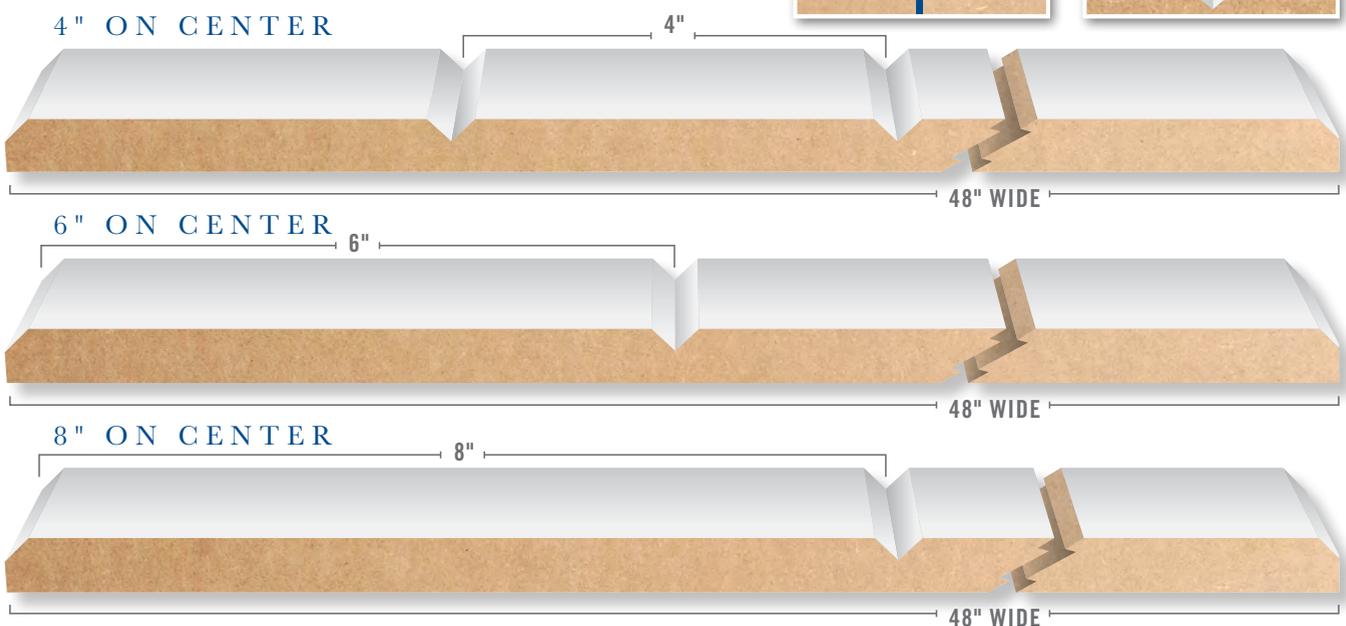

STANDARD BEAD

V-BEAD

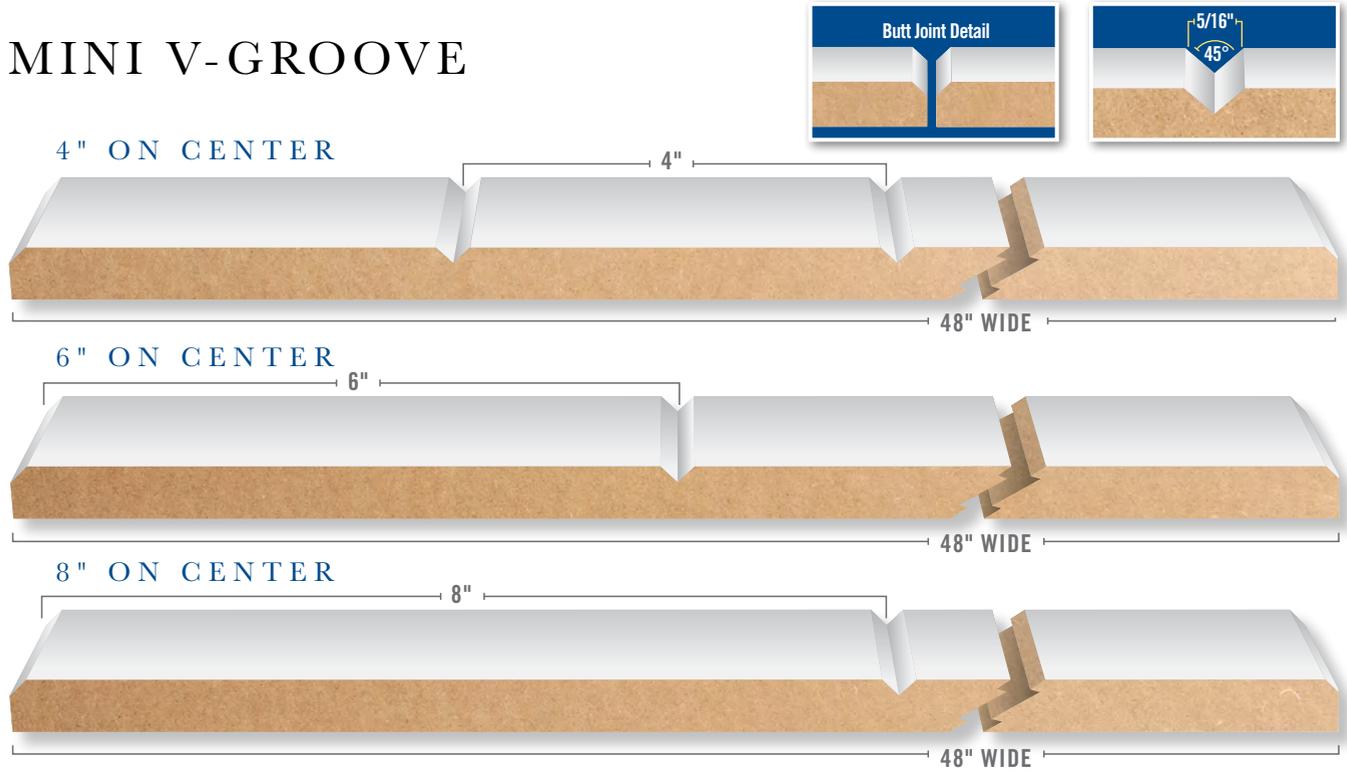

V-GROOVE

Nantucket® BeadBoard Sheet Products

Sheet products are manufactured to a standard 4' width in varying lengths, the profile runs the length of the material making it a perfect choice for new construction and are an ideal alternative to traditional wall materials such as drywall and paneling. Nantucket Beadboard sheet products cover large surface areas for interior wall applications.

	4X10	4X10		4X10	
	4X12				
	4X16	4X16	4X16		

MDF

Premium grade medium density fiberboard (MDF) is a stable substrate material ideally suited for a wide range of interior applications.

MRI

Nantucket Beadboard MRI interior products are manufactured from premium grade moisture resistant fiberboard. This substrate is well suited for low to medium humidity areas such as bathrooms and basement applications.

MRX

Nantucket Beadboard MRX exterior water-resistant products are manufactured from treated exterior wood composites. MRX products are recommended for medium to high humidity locations like exterior porch ceilings.

FIRE RATED MDF

Nantucket Beadboard FR products are manufactured from premium grade fire resistant fiberboard. FR MDF products are rated as a Class A material suited for commercial projects where fire rated material has been specified and are ideal for a variety of applications including ceiling, wainscot, partition walls, elevators and store fronts.

**** All the above substrates come primed on the face with an acrylic latex primer**

PVC

Nantucket Beadboard PVC (polyvinyl chloride) sheets are suited for interior and exterior locations.

SPECIAL REQUEST

Stain Grade with an MDF core

- Natural and stain grade products from Nantucket Beadboard are manufactured using birch, maple, red and white oak with an mdf core. Other species are available.

Cross Grain (X-G)

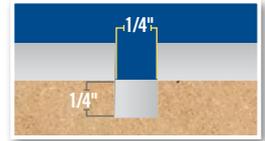

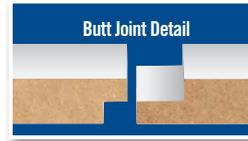

- With cross grain the beading runs the 4' direction on the sheet. This can be extremely useful in cabinetry, furniture, wainscot and store fixture work. Cross grain can be done up to 12' in length.
- Available 8 x 4, 10 x 4, 12 x 4

Custom Profiles and Jobs

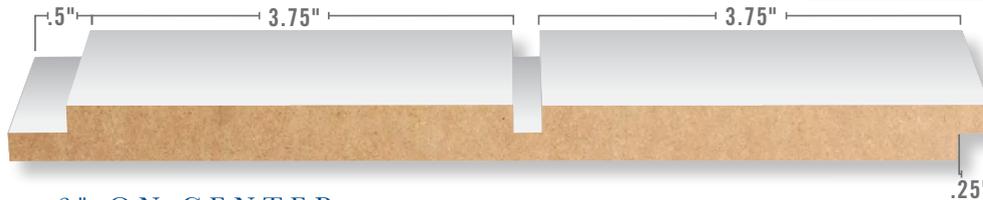

Nantucket® BeadBoard Shiplap Strip Products

Shiplap strip products are another solution from Nantucket Beadboard, our strip products dramatically increase your building options, simply by giving you another dimension in beadboard. Manufactured in 1/2" thick material, widths from 4" to 11" depending on the profile selection. Nantucket Beadboard shiplap strips may be used for wall, stairway, and especially ceiling applications.
